

VNSNY Health Information Exchange Participants

Question: When will Patient information begin to be exchanged between VNSNY and the other participating health care providers via the Health Information Exchanges (HIEs)?

Answer: At least some of the HIEs in which VNS participates will be live in mid 2008. Others will start late in 2008 and some in 2009. As of this writing, the HIEs in which VNSNY will participate and their participating providers are:

NYCLIX (New York Clinical Information Exchange):

- Bellevue Hospital
- Beth Israel Medical Center
- Columbia University Faculty Practice Organization
- Institute for Family Health
- Kings County Hospital Center
- Memorial Sloan-Kettering Hospital
- Mount Sinai Medical Center
- NewYork-Presbyterian Hospital
- New York University Medical Center
- Saint Luke's-Roosevelt Hospital
- Saint Vincent Catholic Medical Centers
- Staten Island University Hospital

BHIX (Brooklyn Health Information Exchange):

- Maimonides Medical Center
- Kingsbrook Jewish Medical Center, including Rutland Nursing Home
- Metropolitan Jewish Health System
- Sephardic Skilled Nursing and Rehabilitation Center

Bronx RHIO (Bronx Regional Health Information Organization):

- Beth Abraham Family of Health Services
- Bronx Community Health Network
- Bronx Lebanon Hospital Center
- Children's Hospital at Montefiore
- Dr. Martin Luther King, Jr., Health Center
- Hebrew Home for the Aged at Riverdale
- Institute for Family Health
- Jacobi Medical Center
- James J. Peters VA Medical Center
- Jewish Home & Hospital - Bronx Division, Harry and Jeanette Weinberg Campus
- Lincoln Medical & Mental Health Center
- Mercy Community Care
- Montefiore Medical Center
- Morrisania Neighborhood Family Health Center
- Morris Heights Health Center
- North Central Bronx Hospital
- Our Lady of Mercy Medical Center
- Segundo Ruiz Belvis Neighborhood Family Health Center
- St. Barnabas Hospital
- Union Community Health Centers
- Urban Health Plan
- Visiting Nurse Regional Health Care System

NYCHHIP (NY Community Home Health Interoperability Project):

- Charles B. Wang Community Health Center
- UNITE! Health Center
- Murray Hill Medical Group
- New York Medical Associates
- Queens Medical Associates

LIPIX (Long Island Patient Information Exchange):

The NYCLIX and LIPIX HIEs will also exchange information with each other. As a member of NYCLIX, VNSNY will be able to both send and receive data to and from LIPIX.

LIPIX Members:

- North Shore Long Island Jewish Health System
- Nassau University Medical Center
- South Nassau Communities Hospital
- North Shore IPA
- Nassau and Suffolk Departments of Health
- Cold Spring Hills Center for Nursing and Rehabilitation
